HBO®’s award-winning television series Game Of Thrones® has extensively used the stunning scenery within the Causeway Coast and Glens to represent everything from Winterfell to the King’s Road, The Iron Islands to Stormlands. Now you too can stand on the spot where Lannisters schemed, stroll in the footsteps of Starks, and gaze on grasslands crossed by the Dothraki horde.

The Causeway Coast and Glens Games of Thrones® itinerary is a three-day wonder that lets you experience the fantasy world of George R.R. Martin for yourself. Plotting through the scenic splendour of the Seven Kingdoms, it takes you to where so much of the pivotal scenes were shot.

“Spending time on the Causeway Coast and Glens looking amazing on film and suited Game of Thrones® with the rugged, barren, and at times, wild backdrops... Coming back to film Game Of Thrones® was meant to feel like home, and it did. It’s an area I love and you can never tire of looking at the stunning scenery.”

—Michelle Fairley (Lady Catelyn Stark)
